Chairman's Message

Dear Shareholders,

The Indian economy has seen distinct signs of recovery in the last few months even though opinion on this is mixed. Trade deficit and the current account deficit have seen a substantial improvement in FY2015 with the fall in global prices of key commodities like crude and gold. India's Current Account Deficit (CAD) for FY2015 reduced to \$27.5 billion (1.3% of GDP) from \$32.4 billion (1.7% of GDP) in FY2014. The fiscal deficit was under 4% for the first time in seven years in 2015 at 3.99%. This was lower than the government's budgeted target of 4.1%, and 4.5% recorded in FY2014.

A new phase of growth is expected for the Indian economy with the various steps initiated by the Government like reduction in subsidy burden on account of reduced crude/commodity prices. This will leave more funds at the disposal of the Government for strengthening the infrastructure of the country. The Government thrust on Make in India" to boost manufacturing and indigenization of defence manufacturing, will give a spurt to industrial growth. This is expected to improve the investment climate in the country.

I am happy to share that in FY 2014-15 all our businesses witnessed impressive growth. The Group's profits (EBITDA) on a consolidated basis increased by Rs.11713 lacs for the year ended 30th June, 2015 compared to Rs. 6025.13 lacs posted in the previous year. Such an impressive jump in profits was possible due to significant improvement in total revenues and the Group's continued thrust on streamlining operating expenses which was initiated in the earlier financial years. We posted a big growth of 112 % in net profit at Rs. 5301.32 lacs in FY2015, as compared to a net profit of Rs.2497.73 lacs in FY2014 .

The Centrum Group is at the forefront of the financial services industry in India. It is our endeavor to build

strong relationships and be the partner of choice for all our stakeholders - corporates, institutions, HNIs, employees and investors. As an integrated, financial services Company, Centrum specializes in equity, debt, infrastructure, wealth management, fixed income, foreign exchange, margin funding and loans against securities.

CentrumDirect Limited consolidated its position as a market leader in the foreign exchange market and has emerged as the country's number one airport player. CentrumDirect has got the distinction of winning the award for "Best foreign exchange company" at India travel Awards

Centrum Wealth Management Limited (CWML) gained recognition for the excellent Private Wealth platform that it has built in a short span of three years. CWML won multiple awards at various industry forums. CWML was awarded the Best Equities Fundamental Research award at Zee Business's "India's Best Market Analyst Awards 2014". The awards were chosen through a nomination process, followed by a detailed vetting by a high profile jury and audited by Ernst & Young.

In the Asiamoney Private Banking Poll 2015, Centrum Wealth Management was ranked amongst the top three service providers in India in the Private Wealth business. In the Category USD 5-25 million of household wealth, CWML was ranked number one for (a) Holistic Approach to Addressing Advice and (b) Discretionary Portfolio Management. In the Category USD 1-5 million of household wealth, CWML was number one in (a) Client relationship Management & Servicing and (b) Technology and Support Infrastructure. In all the other categories CWML was rated very highly.

Taking advantage of the improved sentiments in the capital markets, our investment banking team has

successfully structured a number of QIPs / IPOs. Our dedicated debt team has been quite active in the stressed asset resolution area by assisting a number of stressed corporates through CDR, OTS, JLF and Bilateral restructuring etc in the last couple of years. This year too, the team implemented deals in excess of Rs.50 billion (Rs.5000 crores) in the stressed asset segment.

During the year we continued to launch innovative structured products.

The positive change in sentiment in the domestic economy, throws up exciting opportunities for both the financial services and wealth management businesses in the country in the medium term. The equity markets have seen a steady rise reaching all time high levels. The burgeoning Indian middle class, rising income levels, liberal policies for foreign capital inflows, especially in the areas of FDI and attracting capital from NRIs in the

form of FCNR deposits, etc augur well for the significant businesses in which we operate. Our core expertise, dedicated and talented team and focused business approach will enable us to make the best of the emerging opportunities and look at the future with optimism and confidence.

I would like to end by expressing my gratitude to all our clients, employees, investors, and shareholders – for the trust they have reposed in us. I would especially like to thank our Board members for their guidance throughout our journey.

We look forward to your continued support in our journey to create long term value for all our stakeholders.

Yours sincerely,

Chandir Gidwani

Annexure III - Schedule A-Board Diversity Policy

PURPOSE

The need for diversity in the Board has come into focus post the changes in the provisions of the Companies Act, 2013 (“Act”) and the corporate governance requirements as prescribed by Securities and Exchange Board of India (“SEBI”) under Listing Agreement.

The Nomination and Remuneration Committee (NRC) has framed this Policy to set out the approach to diversity on the Board of the Company (“Policy”).

SCOPE

This Policy is applicable to the Board of the Company.

POLICY STATEMENT

The Company recognizes the importance of diversity in its success. Considering the diverse business verticals of the Company, it is essential that the Company has as diverse a Board as possible.

A diverse Board will bring in different set of expertise and perspectives. The combination of Board having different skill set, industry experience, varied cultural and geographical background and gender diversity will bring a variety of experience and viewpoints which will add to the strength of the Company.

While all appointments to the Board are made on merit, the diversity of Board in aggregate will be of immense strength to the Board in guiding the Company successfully through various geographies.

The Committee reviews and recommends appointments of new Directors to the Board. In reviewing and determining the Board composition, the Committee will consider the merit, skill, experience, gender and other diversity of the Board.

MONITORING AND REPORTING

The Committee will report annually, in the Corporate Governance section of the Annual Report of the Company, the process it employed in Board appointments. The report will include summary of this Policy including purpose and the progress made in achieving the same.

REVIEW OF THE POLICY

This Policy will be reviewed and reassessed by the Committee as and when required and appropriate recommendations shall be made to the Board to update this Policy based on changes that may be brought about due to any regulatory amendments or otherwise.

APPLICABILITY TO SUBSIDIARIES

This Policy may be adopted by the Company’s subsidiaries subject to suitable modifications and approval of the Board of Directors of the respective subsidiary companies.

COMPLIANCE RESPONSIBILITY

Compliance of this Policy shall be the responsibility of the Chief Financial Officer of the Company who shall have the power to ask for any information or clarifications from the management in this regard.

SCHEDULE B-CRITERIA TO DETERMINE INDEPENDENCE

1. PURPOSE

The purpose of this Policy is to define guidelines that will be used by the Nomination and Remuneration Committee/ Board to assess the independence of Directors of the Company.

2. INDEPENDENCE GUIDELINES

Management Discussion and Analysis 2014-15

1. Economic Overview.

The economic recovery which had started in the previous year continued with GDP increasing to 7.3% during FY2015 as against 6.9% in FY2014. This growth rate is expected to further go up based on various estimates by the RBI, the Government and others. However based on the various macro-economic numbers, a mixed picture is emerging about the future growth. GDP for Q1FY2016 has been estimated by Central Statistics Office (CSO) at 7.0%. Index of Industrial Production (IIP) for Q1FY2016 stood at 3.2% (against 3.9% during the same period last year). Exports have been lower by 16% in the first 5 months and so have been the imports which were down 12% during April-August 2015.

Inflation has been steadily coming down. Consumer Price Index (CPI) was recorded at 3.66% in August 2015. Wholesale Price Index (WPI) has gone into negative territory for last 10 months and was at -4.95% in August 2015. The falling inflation led RBI to start cutting interest rates from January 2015 onwards.

The efforts of the Government to revive some of the stuck infrastructure projects, is likely to lead to an increase in subsequent economic activities..

On the global front, major economies including some emerging ones witnessed challenges in growth. However, the US saw an improvement in the labour market with the unemployment rate coming down to a 7 year low of 5.1% by end of August 2015. The US GDP grew at 3.7% in Q2CY2015 up from 0.6% in Q1CY2015. According to Eurostat, Eurozone's GDP increased 0.4% q-o-q in Q2CY2016 from 0.5% growth in Q1CY2016.

China devalued its currency in August 2015 after keeping it stable for long. Currencies of most of the other emerging economies followed and depreciated alongside. For the year ended June

2015, INR depreciated by 5.8% against the USD to Rs 63.65. It further depreciated by 4.5% to Rs 66.48/\$ by August 31, 2015. Some of the events like re-emergence of Grexit fears, political turmoil in Russia & Middle East, and slowdown in various commodity dependent economies led to global volatility.

During the 12-month period ending June 2015, the Nifty moved up by 9.9% and Sensex by 9.3%. Though the Indices corrected subsequently, they had reached their life highs in March 2015 with the Sensex crossing 30,000 mark and Nifty crossing 9,100.

The foreign portfolio flows into India during FY2015 were substantial at \$44bn in both equity and debt. The Inflows are on the back of better sentiment in the Indian market and improvement in the macros seen in the domestic economy compared to some other emerging countries.

With India set to becoming the fastest growing economy in world, beating China, though on a lower base, it will attract the global capital and talent pool. The future looks promising for Indian economy.

2. Industry overview

The revival in market sentiment resulted in increased activity in the primary and secondary market. Fund-raising through the qualified institutional placement (QIP) route hit a five-year high of Rs 28,429 crore during FY2015 with the number of QIP issues increasing to 55 from just 6 in FY2014. Further, a total of Rs 6,750 crore was raised through Rights issues and Rs 2,769 crore via IPOs during FY2015. The IPO market initially showed signs of pick up, but subsequent volatility in the secondary market put further money raising plans of companies in doubt. Indian start-ups raised \$3.5bn funding through 380 disclosed deals in the first half of 2015, surpassing the total number of deals in 2014. Private equity deals witnessed a surge with the execution of 462 deals

worth \$7.1bn in H1CY2015. About 285 transactions worth \$5.1 billion took place in same time period of the previous year. M&A activity after hitting a peak in 2014 witnessed a marginal decline of 7.6% y-o-y in H1CY2015 to \$15.8 billion as against \$17.1 billion in the same period of the previous year.

Debt and Equity: Corporate India has seen initiation of new projects in areas like renewable energy apart from roads and power which is a top priority for the present Government. GOI has set up an ambitious target of addition of 20 GW of solar power in next few years. It is envisaged that there will be good opportunities for fund raising, both debt and equity, in these segments.

Forex: Opportunities for this business arise from foreign currency notes, travelers' cheques, inward and outward remittances, travel cards, travel insurance, visas etc. Business in This segment witnessed significant push as out-bound tourism, both at retail and corporate (business travel and Meetings Incentives Conferences Exhibitions - MICE) levels, increased. Cheap air fare and competitive tour packages have made foreign travel drawing individuals, groups and corporate clients to opt for an overseas venues for their holidays and events. Also number of students opting to study in overseas Universities is on the rise, and the entertainment industry continues to explore overseas locations for film shootings to provide an edge to their movies and tap overseas markets with glamorous entertainment shows. However, these two segments would get adversely impacted if the Rupee depreciates, leading to spiraling costs of foreign education and travel.

Tours & Travel: Travel & Hospitality was more stable in the year 2014-15 with a growth of 10-12%. The market witnessed growth of MICE Groups in 2014-15 which was mainly due to the postponement of the same in the previous years and positive trends in

the many sectors of the business. The company got the benefit of the growth in MICE business which is reflected in the significant growth of the profits. The overall Indian outbound Tours business is set to see a growth of over 12-15% for the years 2016-19 and is expected to take over from South Korea to become the second largest outbound tourism market by the year 2022.

Wealth Management: The Wealth Management industry in India is growing at a steady pace in line with the overall economic growth of the country. The industry is transitioning from a 'Financial Product Showcase' business to an 'Advisory Services' business. The investor is not looking at financial products in isolation but looks for holistic advisory services to take care of his entire financial asset portfolio be it debt, equity, real estate or alternative investment products. Within the HNWI market, Family Office Services are getting more attention of the discerning Private Wealth customer. The industry is focused on upgrading skills of the Wealth Advisor, to offer best in class service and develop long standing relationships based on value added propositions.

The Wealth Management industry is one of the fastest growing verticals within the banking and financial services sector. It is expected to continue its robust growth, with India expected to be the third largest global economy by 2030.

3. Business overview

Incorporated in 1977, Centrum is one of the leading financial services Groups in the country, offering innovative, customized and integrated financial solutions. Centrum Capital Limited ('the Company'), the Group's flagship Company along with its subsidiaries and associate companies namely Centrum Retail Services Limited, Centrum Broking Limited, Centrum Wealth Management Limited, CentrumDirect Limited, Club7 Holidays Limited,

Centrum Defence Systems Limited, Centrum Investment Advisory and Centrum Financial Services Limited form a diversified, yet synergetic financial services Group known as 'Centrum'.

CENTRUM GROUP COMPANIES

Centrum Capital Limited

Centrum Capital Limited, the flagship Company of the Centrum Group, is a Category I Merchant Banker registered with the Securities & Exchange Board of India (SEBI) and listed on the Bombay Stock Exchange Limited (BSE). The Company is one of the leading merchant bankers in the country. The activities of Centrum Capital Limited encompass the entire gamut of investment banking activities such as Lead Managing of Public Issues, Private Placements, Loan Syndication, Corporate Debt Restructuring, Mergers and Acquisitions, Corporate Advisory Services, Infrastructure Solutions, Private Equity Investments etc., besides dealing in the Primary and Secondary markets of securities.

In the Investment banking space FY 2015 has been a comparatively better year than the last couple of years put together. Based on the promising initiatives of the New Government at the Centre, there is surge in Investment interest by both domestic and foreign investors in the capital markets. Though the capital market route is still smaller compared to bank finance, it has picked up after a gap of 3 years. It has also given confidence to corporates to invest in promising sectors for both organic and inorganic growth through Mergers & Acquisitions.

CCL through its dedicated team has been active in the stressed asset resolution area having assisted a number of stressed corporates through CDR, OTS, JLF, Bilateral restructuring etc in last couple of years. This year too the team did deals in excess of Rs.50 billion (Rs.5000 crores) in the stressed asset segment.

Stringent restructuring provisioning policies introduced by Reserve Bank of India from April 2015 onwards, has brought change in the ways lenders have been offering restructuring. This further enhances the need for of comprehensive and value added services that our team have been providing to Corporates. These now also include innovative structures such as 5:25 funding for both existing and new projects.

Your Company has been active in fund raising in the financial services space especially for MFI and Gold loan companies. Fresh debt syndication, both in Rupee and ECB funds is expected to pick up.

The last few years have been quite challenging for the fixed income segment on account of the rising interest scenario. The business in this segment was almost at the same level as in the previous year.

Centrum Broking Limited (CBL)

The swing in CBL's performance from a loss in FY13-14 to a meaningful profit in FY14-15 was due in part to the operating leverage experienced in the institutional equities business. While the general upturn in the markets certainly helped, the buoyancy was furthered by better utilisation of resources – research, sales and dealing. We added about 10 new empanelments, we also got enhanced business from existing clients. We continued with our focus on niche midcaps and idea selection remained the mainstay of our research during the year. At the same time, we made a mark with selective theme reports. These efforts were supplemented by the considerably improved frequency and quality of corporate access – meetings that we organise for our investors to facilitate their investment decisions – which not only included our signature Investee conference in May 2015, but also several other events during the year. We believe that despite a somewhat shaky start to this year primarily because

of global headwinds, we are well poised to deliver even better , based on our existing franchise, expansion of research products, corporate access, sales and execution efforts.

GROUP RETAIL FINANCIAL SERVICES

In FY 2014-15, Centrum Retail Financial Services business has seen a robust growth. All the businesses viz. money exchange business, travel and tours and the wealth management business saw robust growth year over year.

CentrumDirect Limited

CDL has the largest presence amongst money exchange companies in operating foreign exchange counters at various international airports in India with exclusive rights to operate in Bangalore, Chennai, Kolkata, Lucknow, Madurai Trichy, Goa, Calicut Departure and Patna airports and majority presence at the Mumbai International Airport.

CDL deals in all major destination currencies and is one of the leading aggregators of physical currency bank notes and preferred buyers of foreign currency notes from more than 30 banks across India. It has franchisee tie-ups with over 200 hotels and is empanelled with over 2,500 corporates for their foreign currency requirements. CDL also imports foreign currency notes to meet domestic demand.

CDL is one of the largest sellers of prepaid travel cards in the country offering white label "Centrum Travel Card" and also other Travel Cards issued by leading banks, which international travelers use at overseas ATMs and merchant establishments. It also offers foreign currency Demand Drafts and Telegraphic Transfers for various purposes such as private visits, business travels, overseas education, medical treatment, tour arrangements for travel agents, film shooting, etc. CDL has in the recent past forayed into the visa issuance business, providing visa services to more than 200 countries. CDL has also entered the e-commerce space by launching an online portal under the brand name "buyforex.in" providing for ease of transacting.

CDL has today emerged as an unique financial services boutique offering diverse foreign exchange and travel related services to its customers.

Centrum Wealth Management Limited

Centrum Wealth Management Limited (CWML) is amongst the fastest growing private wealth firms in the country with team of 150 experienced professionals spread across top 13 cities across India. CWML has built a strong presence in the Indian Private Wealth Market and services high net worth individuals who are mostly business owners, wealth families and senior corporate executives and professionals.

In 2014-15, CWML's Income grew 61% to INR 23.34 crores (FY 2013-14 INR 14.47 crores) and the EBITDA

was INR 6.55 crores (FY 2013-14 INR -1.71 crores) demonstrating the coming of age of this business which the company seeded in the most difficult environment in FY 2011-12.

In the year gone by, Centrum Wealth Management Limited gained recognition for the excellent Private Wealth platform that it has been built in a short span of three years. CWML won multiple awards at Wealth Management industry forums. CWML was awarded the Best Equities Fundamental Research award at Zee Business's "India's Best Market Analyst Awards 2014". The awards were chosen through a nomination process, followed by a detailed vetting by a high profile jury and audited by Ernst & Young. In the Asiamoney Private Banking Poll 2015, Centrum Wealth Management was ranked amongst the top three service providers in India in the Private Wealth business. In the Category USD 5-25 million of household wealth, CWML was number one for (a) Holistic Approach to Addressing Advice and (b) Discretionary Portfolio Management. In the Category USD 1-5 million of household wealth, CWML was number one in (a) Client relationship Management & Servicing and (b) Technology and Support Infrastructure. In all the other categories CWML was rated very highly.

CWML has invested in expanding its team across the country and enhancing talent. The Company is confident of continued growth and consolidating its position in the Private Wealth business in the years ahead.

Club 7 Holidays Limited

Centrum offers the complete travel solutions suite through Club 7 Holidays Limited. Earlier, pre-dominantly East India-focused, this boutique travel Company has slowly to have expanded into a pan-India presence. Club7 offers a wide range of travel services including customized holidays and group tours for individual travelers and MICE

tours to international and domestic destinations for corporates. Club7 is IATA accredited and an active member of TAAI, in addition to being a General Sales Agent for Trafalgar & Insight Tours. Club 7 will continue its thrust for aggressively expanding the business, targeting identified segments which hold immense potential for growth.

Centrum Financial Services Limited

The Growth of NBFCs continues at a healthy pace despite a slower credit growth in the economy and is contributing significantly to product innovation, customer centricity and financial inclusion. NBFC are playing an important role in expanding SME and micro credit apart from being very successful in a few niche areas around Consumer Finance. The Reserve Bank of India has tightened norms around Capital adequacy, Provisioning and Securitization, apart from placing certain restrictions for products and processes around Gold Loans and Capital Markets. The change in definition of "Systematically Important" NBFCs has created scope for smaller NBFCs to allocate resources optimally. The decision of the Government to bring Systematically Important NBFCs under SARFAESI bodes well for enforcement of security and such risk mitigation may improve lending opportunities.

Your company has a stable and scalable platform for Loan against Securities with robust risk controls and refinance guidelines. Your company largely services relationships sourced by associate companies. However the Risk management and Servicing Platform are geared up to deliver credit to a larger open market customer base.

Your company proposes to raise capital and offer structured credit solutions to small businesses. It also proposes to originate internally or through associates high quality Corporate credit proposals to create a Corporate Lending book till the SME base is scaled up. Your company also proposes to Originate

and Downsell securitized credit through the Wealth Management arm of the Centrum Group to improve return on equity. It is expected that an optimal mix of Corporate credit, SME credit and Capital Market exposure will result in a balanced basket of assets that can weather market and credit cycles.

Centrum Defence Systems Limited (CDSL)

CDSL is a subsidiary of Centrum Capital Limited and is the exclusive advisory platform in the Defence space for the Centrum Group. Apart from offering Transaction Advisory services including raising Private Equity, Structured Debt, Project Finance, M&A, the company also engages into advising clients on Corporate Finance activities, Strategic Business Plans, India Entry Strategy, JV/Partnership formation etc for defence sector clients.

CDSL is supported by Centrum Infrastructure Advisory Limited (CIAL) for execution of the defence sector mandates.

Centrum Infrastructure Advisory Limited (CIAL)

CIAL is a subsidiary of Centrum Capital Limited and is the exclusive financial advisory platform in the Infrastructure & Defence space for Centrum Group. Apart from offering Transaction Advisory services including raising Private Equity, Structured Debt, Mezzanine Funding, Project Finance, Securitisation, M&A the company shall also engage into advising clients on Corporate Finance activities, Strategic Business Plan, Entry Strategy, Pre- Bid Advisory, JV/ Partnership formation etc. The Company will focus on key business areas such as Transportation (Roads, Ports, Airports, and Railways), Power (Generation, Transmission and Distribution) including Renewable Energy (Solar, Small Hydro, Wind, MSW), Urban Infrastructure (Water Infrastructure, Solid Waste management and Urban Transportation, Logistics (Warehousing, ICD, CFS, Cold storage, 3PL, Freight Forwarding, Defence (System Integrators, Manufacturing, Solution Providers) etc.

Commonwealth Centrum Advisors Ltd (CCAL)

The 50:50 joint venture between Commonwealth Finance Corporation Ltd. (CFCL) and Centrum Capital Ltd. (CCL) has expanded its footprint and marketed the fund to investors in the Middle East geography of UAE. Earlier the company had marketed its fund in South East Asian markets of Hongkong, Singapore and Indonesia.

The Fund continued its outperformance over the benchmark indices in the year 2014-15 on the back of the positive sentiment in the equity market. The fund which is largely a mid cap fund investing in Indian equities is seeing good traction and its marketing efforts in South East Asia and Middle-East Asia, should yield greater dividends for the company in the years ahead.

4. Opportunities

The Indian economy is likely to have better growth in the current financial year with low inflation, the Government's reform measures including additional allocation to infrastructure projects, if supported by consumer spending says a UN report.

The International Monetary Fund (IMF) and the World Bank have projected India's growth at 7.5 percent for the current fiscal. However, the Reserve Bank of India (RBI) has forecast a growth rate of 7.8 percent.

Thus India is on the threshold of entering into a secular growth path at least for a couple of years and is expected to provide a major support to World growth. This will be possible by host of initiatives taken up by the Government of India such as Smart City project, Digital India project, Make in India project. All these initiatives offer a host of opportunities for both established and new businesses. All these businesses/project will need capital, both risk and secured capital. Your Company

is adequately placed to offer such required services to its clients and leverage all emerging opportunities.

One of the avenues which has not been active, was project specific funding by the Government. Most of the States have started marketing themselves for investment by various corporates. They are providing benefits and aggressively seeking bids for infrastructure development leading to opportunities for raising debt / equities for the proposed bidders.

5. Threats

One of the prime threats to capital markets today is 'Hard Landing' of the Chinese economy which has already sent shockwaves across markets globally. Though the US economy looks in better shape, China along with EU could be the markets that slow down the global growth and demand scenario for goods and services. However since the Indian economy is not heavily reliant on metal / commodity exports and its own domestic consumption is good, it is not envisaged that the demand side will not be impacted substantially in this downturn.

Further the monsoon this year has been lower than the long term average and is expected to clock only 88% of the long term average. This will put pressure on rural demand and on government finances.

Further the continuing logjam in parliament has severely affected the Governments ability to pass crucial reforms. Any delay in enabling laws will hamper growth. This along with other macro factors can put the economy growth of the economy at risk.

6. Future outlook

The Indian equity market has corrected from its highs with valuation now coming closer to the long-term average. The Indian Government has carried out various legislative and administrative reforms. These are likely to lead to increased macroeconomic

activities going ahead, though there are mixed expectations on future growth. The fall in global commodities comes as a significant tailwind for the Indian market, providing relief in both current account deficit and fiscal deficit. Indian economy is slated to become the fastest growing economy among the emerging markets and hence may continue to attract FII interest.

Even though, there could be short-term volatility and uncertainties, over the medium term the Indian economy is likely to continue towards a steady growth path thus, creating multiple business opportunities. The falling interest rate scenario is likely to add to profitability of the corporate sector and will make new investments more remunerative. Efforts of the government to revive some of the stuckup infrastructure projects is likely to lead to increase in subsequent economic activities. If the various initiatives of the new Government such as Smart City Project, Make in India, Skill India, Digital India, Financial Inclusion, etc. start taking shape – they can open a whole new set of opportunities for entrepreneurs.

6. Risk management

For Centrum, an effective risk management policy lies at the core of our business philosophy, which is centered on delivering higher and better returns to all our stakeholders.

With ups and downs, volatility and fluctuations in the financial business in which the Company operates, Centrum is exposed to various risks and uncertainties in the normal course of business. Since such variations can cause deviations in the results from operations and affect our financial state, the focus on risk management continues to be high.

Centrum's risk management strategy has product neutrality, speed of trade execution, reliability of access and delivery of service at its core. Multiple

products and diverse revenue streams enable the Company to ensure continued offering of customized solutions to suit client needs at all times – good and bad.

State-of-the-art technology, experienced professionals, a highly qualified IT team for in-house software development, coupled with adequate back-up systems and compliance with regulatory norms, insulates Centrum from the vagaries of the financial business.

8. Internal controls and their adequacy

Centrum has always focused on maintaining a strong internal control system which is commensurate with our size and the nature of operations. The Company's internal controls are structured in a manner that ensure reasonable assurance with regard to recording and providing reliable financial and operational information, complying with applicable statutes, safeguarding assets from unauthorized use or losses, executing transactions with proper authorization and ensuring compliance of corporate policies, laws and accounting standards.

With a strong monitoring system in place, the Company has an Audit Committee, the details of which have been provided in the Corporate Governance Report. Internally we have also set up Investment Committee comprising Compliance Officer, Chief Operating Officer apart from the core team which manages the investment products to effectively monitor both the process and returns to clients. Centrum has also appointed an independent Internal Audit Firm. The Audit Committee regularly reviews the Internal Audit Reports as well as the findings and recommendations of the Internal Auditors. Suggestions for improvement are considered and the Audit Committee follows up on the implementation of corrective actions. The Committee also meets the Company's statutory

auditors to ascertain, inter alia, their views on the adequacy of internal control systems and keeps the Board of Directors posted with its observations.

9. Human resources

Considering that the financial services is changing at a fast pace, the immediate priority of HR in Centrum is to hire the right talent, retaining and motivating talented and capable team members, regardless of the economic pressure as People constitute the nucleus of Centrum's business strategy.

The HR team is constantly making an effort to assessing the effect of the continuously changing Business environment on hiring trends and align their policies to the organization strategy with respect to its growth and expansion.

The thrust is on hiring, nurturing and retaining the best talent available in the country, which Centrum has successfully managed through focused attention on right fitment. A stringent screening process ensures that Centrum has a highly qualified talent pool of professionals. We are also building a talent pool within the Centrum Group to create future leaders who will make a difference to the Business. The efforts in this direction continue on ongoing basis.

Employee engagement at Centrum does not end with hiring of an employee; in fact it begins with the employee's appointment and continues through his whole career span in the organization. The Company has a robust system for employee development and professional enhancement, which the top leadership leverages on a regular basis to ensure growth from one level to the next as the individual progresses through Centrum's hierarchy. The members of the Centrum family are empowered in important decision making, making them participate in strategic decision at the Group level

A high percentage of the leaders are promoted from within, giving them an edge over others. This help to build familiarity with the company culture and enhances the degree of commitment to the organisation. HR uses different training interventions to help them become better leaders.

The Company has performance appraisal systems that are benchmarked with the best in the industry, offering, on the one hand a high level of transparency, and on the other, providing adequate scope for continuous self-improvement through a streamlined counseling process.

The well planned and consistent in this direction have also been recognized externally.

As on 30th June, 2015 , there were 1235 people employed within the Centrum Group.

10. Financial overview

Income: The total income for the Company on consolidated basis stood at Rs. 4,48,499.35 lacs as compared to Rs.3,49,909.15 Lacs during the previous year representing a growth of 28.18 % yoy.

EBIDTA: The Company reported a consolidated EBIDTA of Rs. 11713.13 Lacs as compared to EBIDTA of Rs. 6025.31 Lacs in 2013-14, a growth of 94.40% yoy.

PAT: For the year under review, the consolidated Profit After Tax (PAT) stood at Rs. 5301.32 Lacs as against Rs. 2497.73 Lacs in 2013-14 a growth of 112.25%yoy. This improved performance was due to increase in revenues and benefit of significant cost rationalization measures carried out by the Company during the year.

11. Cautionary statement

Auditors' Certificate On Corporate Governance

To
The Members of Centrum Capital Limited

We have examined the compliance of conditions of Corporate Governance by Centrum Capital Limited, for the year ended on June 30, 2015, as stipulated in clause 49 of the Equity Listing Agreement of the said Company with stock exchange.

The compliance of conditions of corporate governance is the responsibility of the management. Our examination was limited to procedures and implementation thereof, adopted by the Company for ensuring the compliance of the conditions of the Corporate Governance. It is neither an audit nor an expression of opinion on the financial statements of the Company.

In our opinion and to the best of our information and according to the explanations given to us, we certify that the Company has complied with the conditions of Corporate Governance as stipulated in the above mentioned Listing Agreement, except that as at the year end the Company did not have requisite number of independent directors in terms of Clause 49(II)(A)(2).

We further state that such compliance is neither an assurance as to the future viability of the Company nor the efficiency or effectiveness with which the management has conducted the affairs of the Company.

Independent Auditor's Report

To

The Members of Centrum Capital Limited

Report on the Standalone Financial Statements

We have audited the accompanying standalone financial statements of Centrum Capital Limited (“the Company”), which comprise the Balance Sheet as at June 30, 2015, the Statement of Profit and Loss, the Cash Flow Statement for the year then ended and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 (“the Act”) with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls and ensuring their operating effectiveness and the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these standalone financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the standalone financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the standalone financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the standalone financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on whether the Company has in place an adequate internal financial control system over financial reporting and the operating effectiveness of such controls. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates

made by the Company's Directors, as well as evaluating the overall presentation of the standalone financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 30 June, 2015, its profit and its cash flows for the year ended on that date.

Emphasis of Matter

We draw attention to the following matters in the notes to the standalone financial statements:

- 1 Note No. 38 wherein, the Company has not made provision for diminution/non recoverability in the carrying value of investments of ₹ 1,94,28,125 (PY: ₹ 1,94,28,125) & loans and advances of ₹ 62,72,559 (PY: ₹ 59,19,173) respectively in Centrum Capital Holdings, LLC, a Subsidiary Company, based on the facts as fully explained in the said note.
- 2 Note No. 36 wherein, in the opinion of the management, long outstanding trade receivables of ₹ 4,58,32,632 (PY: ₹ 4,58,32,632) are considered good and fully recoverable.

Our Opinion is not modified in respect of these matters.

Report on Other Legal and Regulatory Requirements

- (1) As required by the Companies (Auditors' Report) Order, 2015 ("the Order") issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, we give in the Annexure, a statement on the matters specified in paragraphs 3 and 4 of the Order.
- (2) As required by Section 143(3) of the Act, we report that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - c. The Balance Sheet, the Statement of Profit and Loss, and the Cash Flow Statement dealt with by this Report are in agreement with the books of account;
 - d. In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified

under Section 133 of the Act read with Rule 7 of the Companies (Accounts) Rules, 2014;

- e. On the basis of written representations received from the directors as on June 30, 2015, and taken on record by the Board of Directors, none of the directors are disqualified as on June 30, 2015 from being appointed as a director in terms of Section 164 (2) of the Act;
- f. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - (i) The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements – Refer Note 27a on Contingent Liabilities;
 - (ii) The Company did not have any long-term contracts including derivative contracts hence, the question of any material foreseeable losses does not arise;
 - (iii) There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

Notes forming part of the financial statements

1. Nature of Operations

Centrum Capital Limited (the 'Company') is an Investment Banking Company and a SEBI Registered Category-I Merchant Banker. The Company offers a complete gamut of financial services in the areas of equity capital market, private equity, corporate finance, project finance, stressed asset resolution. The Company is also engaged in trading of bonds.

2. Statement of Significant Accounting Policies

a) Basis of preparation

The financial statements have been prepared to comply in all material respects with the Notified accounting standard by Companies (Accounting Standards) Rules, 2014 and the relevant provisions of the Companies Act, 2013 ('the Act'). The financial statements have been prepared under the historical cost convention on an accrual basis except in case of assets for which provision for impairment is made and revaluation is carried out. The accounting policies have been consistently applied by the Company and are consistent with those used in the previous year.

b) Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities at the date of the financial statements and the results of operations during the reporting period end. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from these estimates.

c) Fixed Assets

Fixed assets are stated at cost less accumulated depreciation, amortization and impairment losses if any. Cost comprises the purchase price and any attributable cost of bringing the asset to its working condition for its intended use. Borrowing costs relating to acquisition of fixed assets which takes substantial period of time to get ready for its intended use are also included to the extent they relate to the period till such assets are ready to be put to use.

d) Depreciation

Depreciation on tangible assets is provided on straight line method over the useful lives of assets as prescribed in Schedule II of the Companies Act, 2013 except for leasehold improvements. Leasehold improvements are amortized over a period of lease or useful life whichever is less.

Particulars	Estimated useful life specified under Schedule II of the Companies Act 2013
Building	60 years
Computer Hardware	3 years
Air Conditioners and Office equipments	5 years
Vehicles	8 years
Furnitures and Fixtures	10 years

Notes forming part of the financial statements

e) Impairment

- i. The carrying amounts of assets are reviewed at each balance sheet date if there is any indication of impairment based on internal / external factors. An impairment loss is recognized wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the asset net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value at the weighted average cost of capital.
- ii. After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life

f) Intangible Assets

Goodwill

Goodwill is amortized using the straight-line method over a period of ten years.

Computer Software's

The Company capitalizes software and related implementation cost where it is reasonably estimated that the software has an enduring useful life. Software's including operating system licenses are amortized over their estimated useful life of 6 – 9 years.

g) Leases

Leases where the lessor effectively retains substantially all the risks and benefits of ownership of the leased term, are classified as operating leases. Operating lease payments are recognized as an expense in the Statement of Profit and Loss on a straight-line basis over the lease term.

h) Investments

Investments that are readily realizable and intended to be held for not more than a year are classified as current investments. All other investments are classified as long-term investments. Current investments are carried at lower of cost and fair value determined on an individual investment basis. Long-term investments are carried at cost. However, provision for diminution in value is made to recognize a decline, other than temporary, in the value of the investments.

i) Inventories

Inventories are valued as lower of cost and net realizable value. Net realizable value is the estimated selling price in the ordinary course of business.

j) Revenue recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured.

Notes forming part of the financial statements

(i) Syndication fees and brokerage income

Syndication fees and brokerage income are accounted on achievements of the milestones as per the mandates / agreements with the clients, where there are no mandates / agreements, as per the terms confirmed and agreed by clients. Non refundable upfront fees received from the clients are accounted as income immediately. In the event of project stipulates performance measures, revenue is considered earned when such performance measures have been completed.

(ii) Income from trading in bonds

Income from trading in bonds is accounted when the risk and rewards of ownership of the bonds are passed to the customer, which is generally on sale of bonds.

(iii) Interest income

Revenue is recognized on a time proportion basis taking into account the amount outstanding and the rate applicable.

(iv) Dividends

Revenue is recognized when the shareholders' right to receive payment is established by the balance sheet date.

(v) Profit / Loss on sale of investments

Profit or loss on sale of investments is determined on the basis of the weighted average cost method.

k) Foreign currency transactions

(i) Initial Recognition

Foreign currency transactions are recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

(ii) Conversion

Foreign currency monetary items are reported using the closing rate. Non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction; and non-monetary items which are carried at fair value or other similar valuation denominated in a foreign currency are reported using the exchange rates that existed when the values were determined.

(iii) Exchange Differences

Exchange differences arising on the settlement of monetary items or on reporting Company's monetary items at rates different from those at which they were initially recorded during the year, or reported

Notes forming part of the financial statements

in previous financial statements, are recognised as income or as expenses in the year in which they arise. Exchange differences arising in respect of fixed assets acquired from outside India on or before accounting period commencing after December 7, 2006 are capitalized as a part of fixed assets.

l) Retirement and other employee benefits

Retirement benefits in the form of Provident Fund are a defined contribution scheme and the contributions are charged to the Statement of Profit and Loss of the year when the contributions to the fund is due. There are no other obligations other than the contribution payable to the fund.

(i) Under Payment of Gratuity Act, 1972 'Gratuity liability is a defined benefit obligation and is provided for on the basis of an actuarial valuation on Projected Unit Credit Method made at the end of the financial year'. The Company makes contribution to a scheme administered by the Life Insurance Corporation of India ("LIC") to discharge the gratuity liability to employees. The Company records its gratuity liability based on an actuarial valuation made by an independent actuary as at year end. Contribution made to the LIC fund and provision made for the funded amounts are expensed in the books of accounts.

(ii) Long term compensated absences are provided for based on actuarial valuation. The actuarial valuation is done as per Projected Unit Credit Method.

(iii) All actuarial gains / losses are immediately taken to the Statement of Profit and Loss and are not deferred.

m) Income taxes

Tax expense comprises of current and deferred tax. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Indian Income Tax Act, 1961. Deferred income taxes reflects the impact of current year timing differences between taxable income and accounting income for the year and reversal of timing differences of earlier years.

Deferred tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the balance sheet date. Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred tax assets and deferred tax liabilities relate to the taxes on income levied by same governing taxation laws. Deferred tax assets are recognized only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized. In situations where the Company has unabsorbed depreciation or carry forward tax losses, all deferred tax assets are recognized only if there is virtual certainty supported by convincing evidence that they can be realized against future taxable profits.

At each balance sheet date the Company re-assesses unrecognized deferred tax assets. It recognizes unrecognized deferred tax assets to the extent that it has become reasonably certain or virtually certain, as the case may be that sufficient future taxable income will be available against which such deferred tax assets can be realized.

Notes forming part of the financial statements

The carrying amount of deferred tax assets are reviewed at each balance sheet date. The Company writes-down the carrying amount of a deferred tax asset to the extent that it is no longer reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which deferred tax asset can be realized. Any such write-down is reversed to the extent that it becomes reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available.

In case the Company is liable to pay income tax u/s 115JB of Income Tax Act, 1961 (i.e. MAT), the amount of tax paid in excess of normal income tax is recognised as an asset (MAT Credit Entitlement) only if there is convincing evidence for realisation of such asset during the specified period. MAT credit entitlement is reviewed at each Balance Sheet date.

n) Segment Reporting Policies

Identification of segments :

The Company's operating businesses are organized and managed separately according to the nature of products and services provided, with each segment representing a strategic business unit that offers different products and serves different markets. The analysis of geographical segments is based on the areas in which major operating divisions of the Company operate.

Allocation of common costs:

Common allocable costs are allocated to each segment according to the relative contribution of each segment to the total common costs.

Unallocated items:

Includes general corporate income and expense items which are not allocated to any business segment.

Segment Policies:

The company prepares its segment information in conformity with the accounting policies adopted for preparing and presenting the financial statements of the company as a whole.

o) Earnings Per Share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

Notes forming part of the financial statements

p) Provisions, Contingent Liabilities & Contingent Assets

A provision is recognized when an enterprise has a present obligation as a result of past event; it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are not discounted to its present value and are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

Contingent Liabilities are not recognized but are disclosed in the Financial Statements.

Contingent Assets are neither recognized nor disclosed in the Financial Statements.

q) Cash and Bank Balances

Cash and cash equivalents in the balance sheet comprise cash at bank and in hand.

r) Borrowing costs

Borrowing costs are recognized as an expense in the period in which these are incurred. Borrowing Costs that are attributable to the acquisition or construction of qualifying assets are capitalized as part of the cost of such assets.

Auditors' Report on Consolidated Financial Statements

To the Members of CENTRUM CAPITAL LIMITED Report on the Consolidated Financial Statements

We have audited the accompanying consolidated financial statements of Centrum Capital Limited (hereinafter referred to as “the Holding Company”) and its subsidiaries (the Holding Company and its subsidiaries together referred to as “the Group”) and jointly controlled entity, comprising of the Consolidated Balance Sheet as at June 30, 2015, the Consolidated Statement of Profit and Loss and the Consolidated Cash Flow Statement for the year then ended, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as “the Consolidated Financial Statements”).

Management's Responsibility for the Consolidated Financial Statements

The Holding Company's Board of Directors are responsible for the preparation of these consolidated financial statements in terms of the requirements of the Companies Act, 2013 (hereinafter referred to as “the Act”) that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Group including its jointly controlled entity in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. The respective Board of Directors of the companies included in the Group and its jointly controlled entity are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and its jointly controlled entity and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Board of Directors of the Holding Company, as aforesaid.

Auditors' Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. While conducting the audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Holding Company's preparation of the

consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on whether the Holding Company has an adequate internal financial controls system over financial reporting in place and the operating effectiveness of such controls. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by the Holding Company's Board of Directors, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditors in terms of their report referred to in sub-paragraph (a) of the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Annexure to Independent Auditor's Report

[Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' in the Independent Auditor's Report of even date to the members of CENTRUM CAPITAL LIMITED on the consolidated financial statements for the year ended June 30, 2015.]

[Our report on the order includes six subsidiary companies (including three step down subsidiary companies) incorporated in India to which the order is applicable, which have been audited by other auditors and our report in respect of these subsidiary companies is based solely on the reports of the other auditors.]

- (i) (a) The Group has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
- (b) During the year, the fixed assets of the Group have been physically verified by the management of the respective entities and as informed, no material discrepancies were noticed on such verification. In our opinion, the frequency of verification is reasonable having regard to their size and the nature of their assets.
- (ii) (a) In case of Holding Company the inventory (Securities & Bonds) which are held in dematerialized form have been physically verified by the management during the year. In our opinion, the frequency of verification is reasonable as regards other subsidiary companies, nature of their businesses do not require to hold any inventory, thus the clause (ii) of paragraph 3 of the order is not applicable.
- (b) The procedures of physical verification of inventory followed by the management of the Holding Company are reasonable and adequate in relation to the size of the Holding Company and the nature of its business.
- (c) The Holding Company is maintaining proper records of inventory. As informed no material discrepancies were noticed on physical verification carried out during the year.
- (iii) The Holding Company and two subsidiary companies have granted unsecured loans, to companies covered in the register maintained under Section 189 of the Act.
 - (a) As regards repayment of principal, there are no stipulations for repayment. Further, the party has been regular in payment of interest to the company
 - (b) In respect of the aforesaid loans, there is no overdue amount of loans granted to companies, listed in the register maintained under Section 189 of the Act.
- (iv) In our opinion and according to the information and explanations given by the management of the Group there exists an adequate internal control system commensurate with the size of the respective entities and the nature of its business for the purchase of inventory and fixed assets and for the sale of goods and services. During the course of audit, we have not observed any continuing failure to correct major weaknesses in internal control system of the respective entities.

- (v) In our opinion and according to the information and explanations given to us, the Group has not accepted any deposits from the public within the provisions of Sections 73 to 76 of the Act and the rules framed there under except in case of one subsidiary where the said Subsidiary has complied with the provisions of Section 73 to 76 of the Act with regard to the deposits accepted from the public. Also, no order has been passed by the Company Law Board or National Company Law Tribunal or Reserve Bank of India or any Court or any other Tribunal.
- (vi) The Central Government of India has not prescribed the maintenance of cost records for any of the products of the Group under sub-section (1) of Section 148 of the Act and the rules framed there under.
- (vii) (a) The Group is generally regular in depositing with appropriate authorities, undisputed statutory dues including provident fund, employees' state insurance, income tax, wealth tax, service tax, cess and any other material statutory dues applicable to it, however, there have been slight delay in few cases and

According to the information and explanations given to us, no undisputed amounts payable in respect of provident fund, employees' state insurance, income tax, wealth tax, service tax, cess and any other material statutory dues applicable to it, were outstanding, at the year end, for a period of more than six months from the date they became payable.

- (b) According to the information and explanation given to us, the dues outstanding with respect to, service tax and income tax applicable to it, on account of any dispute, are as follows:

Name of the statute	Nature of dues	Amount (₹)	Period to which the amount relates	Forum where dispute is pending
The Finance Act, 1994 (Service Tax provisions)	Service Tax	1,477,923	F.Y. 2002-06	Additional Commissioner of Service Tax
Income Tax Act 1961	Income Tax	27,10,890	A.Y. 2008-09	CIT (A)
Income Tax Act 1961	Income Tax	1,24,370	AY 2009-10	CIT (A)
Income Tax Act 1961	Income Tax	1,13,10,700	AY 2010-11	CIT (A)
Income Tax Act 1961	Income Tax	2,87,94,250	A.Y. 2011-12	CIT (A)

- (c) According to the information and explanations given to us, there has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Group.
- (viii) The Group do not have accumulated losses at the end of the financial year nor has incurred cash losses in the current and immediately preceding financial year except-

In respect of two subsidiary companies, accumulated losses at the end of the financial year are more than fifty percent of their net worth. The company has accumulated losses at the end of the year and it has not incurred cash losses in the current financial year but have incurred cash losses in the immediately preceding financial year.

In case of two subsidiary companies which are registered for a period less than five years, the provisions of clause (viii) of para 3 of the Order are not applicable.

- (ix) According to the information and explanations given by the management of the Holding Company and five subsidiary companies, the respective entities have not defaulted in repayment of dues to financial institutions, banks and debenture holders. Also as informed two subsidiary companies have not borrowed money from financial institutions, banks or debenture holders.
- (x) In our opinion and according to the information and explanations given to us by the management of the Holding Company and two subsidiary companies, the terms and conditions of the guarantees given by the respective Companies, for loans taken by others from banks or financial institutions, are not prejudicial to the interest of the Company. Further, according to the information and explanations given by the management of five subsidiary companies, the respective entities have not given any guarantee for loans taken by others from banks or financial institutions.
- (xi) According to the information and explanations given by the management of the Holding Company and five subsidiary companies, the term loans have been applied for the purpose for which the loans were obtained. Further, as informed two subsidiary companies have not obtained any Term Loans.
- (xii) During the course of examination of the books and records of the Group, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given, we have neither come across any instance of fraud on or by the respective entities, noticed or reported during the year, nor have we been informed of any such instance by the management of the respective entities.

Consolidated Notes forming part of the financial statements

1. Basis of preparation

The Consolidated Financial Statements have been prepared in accordance with Accounting Standard 21 “Consolidated Financial Statements”, Accounting Standard 23 “Accounting for Investments in Associates in Consolidated Financial Statements and Accounting Standard 27 “Financial Reporting of Interest in Joint Ventures” notified in the Companies (Accounting Standards) Rules, 2006. The Consolidated Financial Statements comprises the financial statements of Centrum Capital Limited (CCL) (Holding Company), its subsidiaries being Centrum Retail Services Limited {Including Centrum Financial Services Limited (CFSL), Centrum Wealth Management Limited (CWML), CentrumDirect Limited (CDL) (including Club 7 Holidays Limited and its associates BCB Finance Limited (BCBFL)}, Centrum Broking Limited (CBL), Centrum Defence Systems Limited (CDSL), Centrum Infrastructure Advisory limited (CIAL) , Centrum Capital Holdings LLC (CCH LLC) (including Centrum Securities LLC), its joint venture being Commonwealth Centrum Advisors Limited (CCAL), and its associates being Centrum Securities Private Limited (CSPL) and Essel Centrum Holding Limited (ECHL) here in after collectively referred as “the Group/ the Company”.

In case of company’s associate companies Centrum Securities Private Limited and Essel-Centrum Holdings Limited; accumulated losses accounted in previous financial year’s consolidated financial statements based on the equity method under AS-23 ‘Accounting for Investments in Associates in Consolidated Financial Statements’ have resulted in complete erosion of carrying of company’s investments in associate companies. Accordingly, no further provisions for losses have been made in current year’s consolidated financial statements.

A step down subsidiary company of the Company, during the year has made investment in BCB Finance Limited (BCBFL) as a result of which, the later has become an associate of the said step down subsidiary company and consequently of that Company’s. The management has not considered consolidating BCBFL, being not material.

The Consolidated Financial Statements has been prepared under the historical cost convention on an accrual basis. The accounting policies have been consistently applied by the Company and are consistent with those used in the previous year.

The notes and significant accounting policies to the Consolidated Financial Statements are intended to serve as a guide for better understanding of the Company’s position. In this respect, the Holding Company has disclosed such notes which represent the required disclosure.

2. Principles of consolidation

- a. The Consolidated Financial Statements of Centrum Capital Limited and its subsidiaries are combined on a line-by-line basis by adding together like items of assets, liabilities, income and expenses. Intra company balances, intra company transactions and unrealized profits / losses have been fully eliminated.
- b. Interests in joint ventures are accounted by using proportionate consolidation method.
- c. Interest in associates are accounted by using equity method.
- d. The subsidiary companies, joint ventures and associates considered in the presentation of the Consolidated Financial Statements are :

Consolidated Notes forming part of the financial statements

3. Goodwill / Capital Reserve on consolidation

The difference between the cost of investment in the subsidiaries, over the net assets at the time of acquisition of shares in the subsidiaries is recognized in the financial statements as Goodwill or Capital Reserve as the case may be.

4. Statement of Significant Accounting Policies

a. Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities at the date of the financial statements and the results of operations during the reporting period end. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from these estimates.

b. Fixed Assets

Fixed assets are stated at cost less accumulated depreciation and impairment losses if any. Cost comprises the purchase price and any attributable cost of bringing the asset to its working condition for its intended use. Borrowing costs relating to acquisition of fixed assets which takes substantial period of time to get ready for its intended use are also included to the extent they relate to the period till such assets are ready to be put to use.

c. Depreciation

Depreciation on tangible assets is provided on straight line method over the useful lives of assets as prescribed in Schedule II of the Companies Act, 2013 except for leasehold improvements. Leasehold improvements are amortized over a period of lease or useful life whichever is less.

Particulars	Estimated useful life specified under Schedule II of the Companies Act 2013
Building	60 years
Computer Hardware	3 years
Air Conditioners and Office equipments	5 years
Vehicles	8 years
Furnitures and Fixtures	10 years

d. Impairment

i. The carrying amounts of assets are reviewed at each balance sheet date if there is any indication of impairment based on internal / external factors. An impairment loss is recognized wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the asset net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value at the weighted average cost of capital.

Consolidated Notes forming part of the financial statements

- ii. After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life

e. Intangible Assets

Goodwill

Goodwill is amortized using the straight-line method over a period of ten years.

Computer Software's

The Company capitalizes software and related implementation cost where it is reasonably estimated that the software has an enduring useful life. Software's including operating system licenses are amortized over their estimated useful life of 6 – 9 years.

f Leases

Leases where the lessor effectively retains substantially all the risks and benefits of ownership of the leased term, are classified as operating leases. Operating lease payments are recognized as an expense in the Profit and Loss account on a straight-line basis over the lease term.

g. Investments

Investments that are readily realizable and intended to be held for not more than a year are classified as current investments. All other investments are classified as long-term investments. Current investments are carried at lower of cost and fair value determined on an individual investment basis. Long-term investments are carried at cost. However, provision for diminution in value is made to recognize a decline, other than temporary, in the value of the investments.

h. Inventories

Inventories are valued as lower of cost and net realizable value. Net realizable value is the estimated selling price in the ordinary course of business.

i. Revenue recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured.

(i) Syndication fees

Consolidated Notes forming part of the financial statements

j. Foreign currency transactions

i. Initial Recognition

Foreign currency transactions are recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

ii. Conversion

Foreign currency monetary items are reported using the closing rate. Non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction; and non-monetary items which are carried at fair value or other similar valuation denominated in a foreign currency are reported using the exchange rates that existed when the values were determined.

iii. Exchange Differences

Exchange differences arising on the settlement of monetary items or on reporting Company's monetary items at rates different from those at which they were initially recorded during the year, or reported in previous financial statements, are recognised as income or as expenses in the year in which they arise. Exchange differences arising in respect of fixed assets acquired from outside India on or before accounting period commencing after December 7, 2006 are capitalized as a part of fixed asset.

k. Retirement and other employee benefits

Retirement benefits in the form of Provident Fund are a defined contribution scheme and the contributions are charged to the Profit and Loss Account of the year when the contributions to the fund is due. There are no other obligations other than the contribution payable to the fund.

- (i) Under Payment of Gratuity Act,1972 'Gratuity liability is a defined benefit obligation and is provided for on the basis of an actuarial valuation on Projected Unit Credit Method made at the end of the financial year'. The Company makes contribution to a scheme administered by the Life Insurance Corporation of India ("LIC") to discharge the gratuity liability to employees. The Company records its gratuity liability based on an actuarial valuation made by an independent actuary as at year end. Contribution made to the LIC fund and provision made for the funded amounts are expensed in the books of accounts.
- (ii) Long term compensated absences are provided for based on actuarial valuation. The actuarial valuation is done as per Projected Unit Credit Method.
- (iii) All actuarial gains / losses are immediately taken to the Profit and Loss account and are not deferred.

Consolidated Notes forming part of the financial statements

I. Income taxes

Tax expense comprises of current and deferred tax. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Indian Income Tax Act, 1961. Deferred income taxes reflects the impact of current year timing differences between taxable income and accounting income for the year and reversal of timing differences of earlier years.

Deferred tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the balance sheet date. Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred tax assets and deferred tax liabilities relate to the taxes on income levied by same governing taxation laws. Deferred tax assets are recognized only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized. In situations where the Company has unabsorbed depreciation or carry forward tax losses, all deferred tax assets are recognized only if there is virtual certainty supported by convincing evidence that they can be realized against future taxable profits.

At each balance sheet date the Company re-assesses unrecognized deferred tax assets. It recognizes unrecognized deferred tax assets to the extent that it has become reasonably certain or virtually certain, as the case may be that sufficient future taxable income will be available against which such deferred tax assets can be realized.

The carrying amount of deferred tax assets are reviewed at each balance sheet date. The Company writes-down the carrying amount of a deferred tax asset to the extent that it is no longer reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which deferred tax asset can be realized. Any such write-down is reversed to the extent that it becomes reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available.

In case the Company is liable to pay income tax u/s 115JB of Income Tax Act, 1961 (i.e. MAT), the amount of tax paid in excess of normal income tax is recognised as an asset (MAT Credit Entitlement) only if there is convincing evidence for realisation of such asset during the specified period. MAT credit entitlement is reviewed at each Balance Sheet date.

m. Segment Reporting Policies

Identification of segments :

The Company's operating businesses are organized and managed separately according to the nature of products and services provided, with each segment representing a strategic business unit that offers different products and serves different markets. The analysis of geographical segments is based on the areas in which major operating divisions of the Company operate.

Consolidated Notes forming part of the financial statements

Allocation of common costs:

Common allocable costs are allocated to each segment according to the relative contribution of each segment to the total common costs.

Unallocated items:

Includes general corporate income and expense items which are not allocated to any business segment.

Segment Policies:

The company prepares its segment information in conformity with the accounting policies adopted for preparing and presenting the financial statements of the company as a whole.

n. Earnings Per Share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

o. Provisions

A provision is recognized when an enterprise has a present obligation as a result of past event; it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are not discounted to its present value and are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

p. Cash and Bank Balances

Cash and cash equivalents in the balance sheet comprise cash at bank and in hand.

q. Borrowing costs

Borrowing costs are recognized as an expense in the period in which these are incurred. Borrowing Costs that are attributable to the acquisition or construction of qualifying assets are capitalized as part of the cost of such assets.
